

What They're Saying About *Funky As A Diaper!*

"When I first played Jim Mayer's 'Funky As A Diaper' at my home, my two girls went crazy, dancing, getting dress-up clothes on, grooving to the tunes. All the songs have tremendous appeal to kids and adults alike. We can't get enough! When I played it at story time, I had more requests from parents for the title than any other CD I've ever played. Jim was even more appealing live, with the costumes and the interaction with the children. Davis-Kidd Booksellers can't wait to have him back."

"I just wanted to send you a little note to let you know how much the children liked your CD. I knew they were going to like it as soon as I played it because I saw shoulders moving, feet tapping, and heads bobbing. I played the CD initially while the children (4 and 5 yr. olds) were doing their projects at tables. Even when no music was playing I would often hear them singing "Funky As A Diaper."

"Funky as a Diaper displaced "Wayne From Maine" as the official kids CD we need to listen to FIRST on our ski trips. My kids just love the CD. My 7 year-old and I recite lyrics from different songs now and he laughs so hard when he sings them."

"I bought your CD with the best of intentions of giving it away to a friend with small children. However, in the midst of listening to it, somehow I became attached. Ouch! So I will need to get a second CD for my friend."

"I was on my way home listening to Funky As A Diaper. I missed a road by about 10 miles because I got into it so much and was laughing so hard, I actually missed driving through a whole town. That CD is a stroke of genius. I can't wait to share it with others."
